CAUTION EXTRA

A man by the name of *CLAPP* has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it *GENUINE* Original, etc. This Townsend is no doctor and never was; but was formerly a worker on railroads canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived, and purchase none but the *GENUINE ORIGINAL OLD* Dr. Jacob Townsend's Sarsaparilla, having on it the Old Dr's. likeness, his family coat of arms, and his signature across the coat of arms.

Principal Office, 102 Nassau-st., New York City

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the *AUTHOR* and *DISCOVERER* of the *GENUINE ORIGINAL "TOWNSEND SARSAPARILLA."* Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales circumscribed to those only who had proved its worth, and known its value It had reached the ears of many, nevertheless, as those persons who had been healed of sore diseases, and saved from death, proclaimed its excellence and wonderful

HEALING POWER.

Knowing, *many years ago*, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated This time has come, the means are supplied, this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale, and is called for throughout the length and breadth of the land, especially as it is found incapable of degeneration or deterioration

Unlike young S P. Townsend's, it improves with age, and never changes, but for the better, because it is prepared *on scientific principles* by a *scientific man.* The highest knowledge of Chemistry, and the latest discoveries of the art, have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla The Sarsaparilla root, it is well known to medical men, contains many medicinal properties and some properties which are inert or useless, and others, which if retained in preparing it for use, produce *fermentation* and *acid*, which is injurious to the system Some of the properties of Sarsaparilla are so *volatile*, that they entirely evaporate and are lost in the preparation, if they are not preserved by a *scientific process*, known only to those experienced in its manufacture Moreover these *volatile principles*, which fly off in vapor, or as an exhalation, under heat, are the very *essential medical properties* of the root, which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid, which is more from the coloring matter in the root than from any thing else, they can then strain this insipid or vapid liquid sweeten with sour molasses, and then call it "SARSAPARILLA EXTRACT or SYRUP." But such is not the article known as the

GENUINE OLD DR. JACOB TOWNSEND'S SARSAPARILLA.

This is so prepared, that all the inert properties of the Sarsaparilla root are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; then every particle of medical virtue is secured in a pure and concentrated form, and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases.

Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of *CONSUMPTION, DYSPEPSIA*, and *LIVER COMPLAINT*, and in *RHEUMATISM, SCROFULA, PILES, COSTIVENESS* all *CUTANEOUS ERUPTIONS PIMPLES, BLOTCHES*, and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from *Indigestion*, from *Acidity of the Stomach*, from unequal circulation determination of blood to the head, palpitation of the heart, cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds* and *Coughs*, and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, throat, and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS.

It works wonders in cases of *Fluor Albus or Whites, Falling of the Womb Obstructed, Suppressed or Painful Menses Irregularity* of the menstrual periods and the like and is as effectual in curing all the forms of *Kidney Disease.*

By removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation Neuralgia, St Vitus Dance Swooning, Epileptic Fits Convulsions, &c.*

It cleanses the blood excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body and the insensible perspiration, relaxes all strictures and tightness, removes all obstructions, and invigorates the entire nervous system. Is not this then

The medicine you pre-eminently need!

But can any of these things be said of S. P. Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S,

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES, *souring, fermenting*, and *blowing the bottles* containing it into fragments, the sour, acid liquid exploding and damaging other goods! Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence, heartburn, palpitation of the heart, liver complaint, diarrhea, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings Fever Sores, and all ulcerations internal and external? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid, which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND,

and yet he would fain have it understood that Old Dr. Jacob Townsend's *Genuine Original Sarsaparilla*, is an IMITATION of his inferior preparation!!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S. P. Townsend's FERMENTING COMPOUND

We wish it understood, because it is the *absolute truth*, that S. P. Townsend's article and Old Dr. Jacob Townsend's Sarsaparilla are *heaven-wide apart, and infinitely dissimilar*, that they are unlike in every particular having not one single thing in common.

As S P Townsend is no doctor, and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common, unscientific, unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who manufacture medicine, designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases!

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach, and to the knowledge of all who need it, that they may learn and know, by joyful experience its

Transcendent Power to Heal.

The **BANGOR COURIER** is published at the office of the Daily Whig and Courier, every Tuesday morning, at **Two Dollars** a year in advance, or Two Dollars and Fifty Cents if not paid within six months from the time of subscribing.

☞ The publishers will not hold themselves responsible for any error that may occur beyond the amount charged for the advertisement.

Mr. Elisha Field, Boston, is agent for these papers. Advertisements left with him will be immediately forwarded.

CONSUMPTION CURED!

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above. A remedy for the *complete cure* of all those affections of the Throat and Lungs, which, if neglected, always end in CONSUMPTION It is not a worthless, *catch penny article*, made just *to sell* like many of the common nostrums of the day, but it is a strictly *scientific Preparation*—the original recipe having been furnished by an eminent Physician, (the late Prof. Rogers,) and that still further improved by one of the present proprietors, who is himself a *regularly educated Physician.* a graduate of the University of Pennsylvania. It is composed of the choicest articles in the vegetable kingdom, most of them of long-tried value and established reputation, and some of them *entirely new* particularly the CANCHALAGUA, a plant of *most wonderful* medicinal virtues, lately introduced into this country from California. The Recipe has been shown to thousands of Physicians, who have universally approved of it, and will be shown to any Physician who desires to see it, upon application either to the Proprietors or their Agents. It has been used in *multitudes of cases*, and is strongly recommended by *Physicians*, even *Professors* in our Medical Colleges, Ministers of the Gospel, Judges, Lawyers, Merchants, Mechanics, &c.—a conclusive proof that there is no *quackery* or *deception* about it, but that it is a medicine of most uncommon virtue and efficacy.

PAMPHLETS.

As no ordinary sized advertisement can *begin* to do justice to the merits of this article, the Proprietors have embodied in a pamphlet form, the *history* of this Medicine—the *description, nature*, &c., of its principal ingredients—the *effect* they are designed to have upon the human system—and above all, the *incalculable amount of good* which it has done. They design to circulate this pamphlet extensively; but should any one be overlooked, they are earnestly desired to call upon the Agents named below, and procure one, *gratis.* The *hints* on page 7th may be worth to yourself or family, THOUSANDS OF DOLLARS, and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible.

Such being our confidence in its virtues, we are willing to *warrant* the Medicine *in every recent case*, (if used according to the directions,) and where the person is not satisfied that he is not deriving benefit from it, by returning the bottle within 24 hour's time,

"THE MONEY

will be refunded. ☞ See page 3d of the Pamphlet.

For sale wholesale and retail by A. L. SCOVILL & CO., Proprietors, at their *Principal Office.* No. 65 Warren St., New York, to whom all orders for the Medicine, and letters relating to agencies, should be addressed, *post paid.*

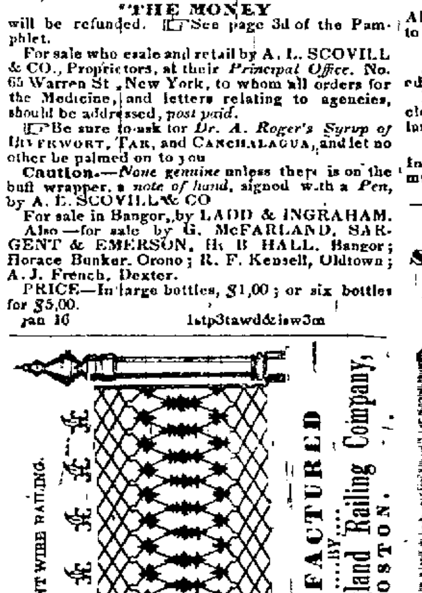
☞ Be sure to ask for *Dr. A. Roger's Syrup of* LIVERWORT, TAR, and CANCHALAGUA, and let no other be palmed on to you

Caution.—*None genuine* unless there is on the buff wrapper, a *note of hand*, signed with a *Pen*, by A. L. SCOVILL & CO

For sale in Bangor, by LADD & INGRAHAM. Also—for sale by G. McFARLAND, SARGENT & EMERSON, H. B HALL, Bangor; Horace Bunker, Orono; R. F. Kensell, Oldtown; A. J. French, Dexter.

PRICE—In large bottles, $1,00; or six bottles for $5,00.

jan 16 1stp3tawd&isw3m



PUBLIC attention is invited to a new article of Patent Iron Railing, manufactured exclusively by themselves, of Wire or Rod Iron, of any desired size, securely fastened in heavy wrought or cast iron posts.

This article is admirably adapted for enclosing cottages, cemeteries, public grounds, gardens, &c., for balconies, columns, cornice work, summer houses, arbors, arches, verandahs, window guards for banks, stores, and all private dwellings, lattice work, grating for sky-lights, tree boxes, &c., and in fact, for all purposes where iron railing is required.

The comparative lightness, great strength and durability of the Wire Railing, the beauty of its varied ornamental designs, together with the *extremely low price* at which it is sold, are causing it to supersede the cast iron railing wherever their comparative merits have been tested. It is furnished ready for erection at prices varying from 35 cents to $2,50 per lineal foot.

For further information, patterns of designs, &c., please address LYMAN & CO.,

No. 4 Albany Block,

A few doors South of Worcester Depot.

⁂ Persons intending to fence their Lots at Mount Hope, are requested to postpone the same until early Spring at which time specimens of this fence will be erected for inspection.

Wilder's Patent SALAMANDER SAFES

90 STATE STREET, CORNER OF MERCHANTS' ROW.

Secured against Gunpowder

....AND....

WARRANTED NOT TO INJURE BOOKS OR PAPERS BY DAMPNESS.

THESE are the *only Safes* (WILDER'S PATENT,) that have in every instance preserved their contents when exposed to large fires, like the burning of the Tribune printing office in New York city and many others, too numerous to mention.

The above Safes are manufactured and for sale by JOHN E. WILDER, Boston, and for sale in Bangor, at the manufacturers prices, by FISKE & DALE.

☞ **The Following Letter** from the Superintendent of the Maine Telegraph Company, is another proof of the superiority of JOHN E. WILDER'S Safe over all others:—

BANGOR, Oct. 21, 1849.

John E. Wilder, Esq—

Dear Sir—The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office, in this city. It was in the fire six hours: the books and papers were uninjured, and the damage to the Safe very slight, although it fell from the second story to the basement of the building. The little repairs necessary to the Safe have been made, and we shall not need to return it, It is still as good as new.

Respectfully yours, JAS. EDDY.

Nov. 22, 1849. d6mis

REMOVAL.

J. R. SMITH,

DEALER IN FASHIONABLE

Ready Made Clothing,

HAS removed from his former place of business on East Market Square, to the well known and desirable stand recently occupied by **Mr. J. H. HUNT**, where he will be happy to receive the calls of his friends, and where he has a large and handsome stock of

jan 24

Whig and Courier.

The article, which we copy from the Milwaukee Sentinel and Gazette, will interest many of our readers. Mr Smith, on whose dwelling this cowardly assault was made, was formerly a resident of Oldtown in this county. We learn, that subsequently to the outrage, he was nominated by the law and order portion of the citizens without distinction of politics for the mayoralty.

High-Handed Outrage.

The peace of the city was disturbed, and its character for Law and Order impaired, by the proceedings of a disorderly mob of men and boys gathered together on Monday evening last, by sound of guns and signal of bon-fires, to wreak their vengeance upon Senator J. B. Smith, for his agency in procuring the passage of the Law, relative to the sale of Spiritous Liquors.—The mob, numbering perhaps 300 persons, actors or spectators, and furnished with horns, tin-pans, and other noisy instruments, assembled on Market-square and marched through several of the principal streets to Mr Smith's residence on Van Buren Street. Here they commenced a 'serenade,' mingled with groans and hootings, designed to express their dissatisfaction with Mr Smith's Senatorial course.—This was bad enough, but worse followed; for not content with serenading, they soon began to 'rack' the house; throwing brickbats and billets of wood through the windows, demolishing the shutters and sashes, and injuring the furniture within. At the time of the assault Mr Smith and his wife were in attendance upon Mr Fowler's Lecture, and the only inmates of the house were two servant girls and four children. They were, of course, terribly frightened by this unexpected assault, and with the help of a neighbor made their escape by the back windows. It was a *bold* mob, thus to attack a house tenanted only by helpless women and children. and the valiant leaders of the onslaught deserve to be immortalized for the achievement! While the outrage was in progress, Mr U. H. Parsons, who lives hard by, came up and remonstrated with some of the ringleaders, stating the fact that Mr Smith, himself, was not at home. But this interference only subjected Mr Parsons to insult and injury. He was knocked down, kicked and cuffed, though happily not seriously hurt. Word was sent to Mr Smith, and to some of our City Officers, of the outrage; but before they reached the ground, the deed was accomplished, and the mob were dispersing.

Whatever differences of opinion may exist as to the law, which furnished the pretext for this proceeding, there can be none as to the act itself. It was a high-handed, unmanly and unwarrantable outrage, and the actors and instigators richly merit severe and summary punishment. The whole community should make common cause with Mr Smith in this matter, for if one man's house can thus be assaulted with impunity none are safe; if mob law is to be tolerated, all other laws are mere waste paper. We invoke, therefore, our city authorities to make diligent and searching inquiry into the matter, and we call upon every man who respects the law to aid them in so doing and to assist in the detection and punishment of the authors of this wanton outrage.

At a meeting of the Common Council of the city of Milwaukee subsequently called, the following resolution was adopted.

Whereas. The peace of our city having recently been disturbed, by an unprovoked and wanton attack, made by a mob upon the dwelling of the Hon J B Smith, and whereas, such violations of the law are among the most odious and revolting known to the civilized community—therefore,

Resolved, That the Mayor is hereby requested to use all the means in his power, (through the aid of the Police men now under his direction,) to bring the offenders to justice, and such sum of money as is necessary to pay the expenses of the same is hereby appropriated from the General City Fund.

Last Moments of Mr. Calhoun.

Every item of intelligence connected with the death of Mr. Calhoun will be gathered up with curiosity, and therefore we make no excuse for the following collation of circumstances.

At about eight o'clock on the evening before his death he remarked that "his mind was never clearer," and that he had "great facility in arranging his thoughts." On its being suggested to him that he kept his mind too active, he said, "I cannot avoid thinking of the political affairs of the country. If I could speak to the Senate for one hour I could do more good than on any occasion of my life."

On the morning of that day his dissolution evidently was rapidly approaching, and it was seen that he could survive but a very short period. Though evidently weaker, he sat up for about two hours in the morning and conversed a short time in the afternoon. Several letters were read to him, on which he commented.—He said that he was satisfied "the whole South would soon unite and act as one man against Northern aggression."

At half-past twelve he commenced to breathe with great difficulty, a circumstance which very much alarmed Dr. John Calhoun, his son, who alone of his family was present. Saying that he felt very wakeful, he asked his son to lie down. Dr. Calhoun did not do so, but requested him to take some wine. "No," said Mr. C., "I do not require more stimulus." He continued, "I feel I am sinking; but you had better lie down, John." His son did so. The difficulty of breathing continued. At two o'clock, in a very feeble voice he called to John. That gentleman at once approached, and was asked to feel his pulse. Mr Calhoun then said "I have no pulsation at the wrist." He soon after said, "Take my watch from the table and put it in your trunk." This was done, and he pointed to a bureau, and bade his son take from it his papers and similarly dispose of them.—(These papers are said to be his manuscript works on the Government and Constitution.) He said that the effect of the medicine had been good, as he was in a delightful perspiration.—About five, Dr. C. sat by the fire, and recommended his father to take some rest. He asked him if he felt any pain, and was told, "No; I have had none throughout the whole attack." Dr C. asked if he was comfortable, and was answered, "I am perfectly comfortable." These were his last words.

At about quarter before six, he made a motion for his son to approach his bed. Holding out his hand he grasped Dr C's, very closely, and looked anxiously into his face, as if he would speak to him. Seeing that he was unable to do so, Dr C. at once called the Hon. Mr. Venable of North Carolina. When the latter came to his bed-side he pressed his hand and presented his wrist, as if to indicate his approaching dissolution. He looked very intently at Mr V. who remarked 'you are pulseless sir and must take some wine' half a tumbler of Maderia was given him, which he drank. Mr. V. then left the room to summon other friends. Soon after the Hon Mr Orr and the Hon Mr. Wallace of South Carolina came in. As Mr. Calhoun saw the door open; he fixed his eyes on Mr Orr who came directly to him. Mr O. leaned over and felt his pulse, Mr Calhoun understanding what he meant and extended his hand. He was asked if he would have Dr. Hall, the physician, sent for. He shook his head in the negative. Mr Venable who had returned then remarked that the wine had produced no effect and that the pulse had not returned. Mr Calhoun then put on an expression which was interpreted to mean 'that he knew all was over,' adjusted his head on the pillow and breathed quietly and calmly for some moments. No change was observed in his countenance until his last breath which was a long and deep inspiration. His eyes immediately grew dim and were closed at once by Mr. Venable. The countenance of the deceased Statesman was calm as if he had fallen asleep, and his mind retained its brightness to the last moment.

Home Memories.

"Nothing can humanity worse spare than pleasing and gracious memories of home. So fervently does humanity cling to what nature owes it, that those who have no home will make one for themselves in vision. Those who have an evil one will soften down its many vices, and out of the scantiest affections bring forth rays of the heart to brighten their retrospect. It is the miracle of the five loaves performed spiritually for the soul, lest the instincts of our humanity should faint and perish by the way. The visitings of early home thoughts are the last to quit us. Feeble age has them, when it has nothing else in memory; and when all the furniture which imagination put together has gone to pieces and to dust, these, not constructed, but planted, planted down in the living soil of primal consciousness, flourish to the last; when the treasures which experience has been many years in collecting, a few months may seem to take away, some diamonds are left behind which, even the thief, Time, has spared: reminiscences that glimmer through bare and blank obscurity from the crevices of youth. As every thing human has an element of good in it. that which is good in a vicious home is what the past gives back to feeling; it is also that which is good in an evil man that the remembrance of a virtuous home acts on.

There is no mist of guilt so thick that it can always exclude the light of such remembrance; no tempest of passion so furious as always to silence its voices. During a lull in the hurricane of revelry, the peal of the Sabbath bell may come along the track of wasted years, and, though loaded heavily, will be not unkindly in its tones. Through the reekings of luxury, faces that beamed on the prodigal in youth may seem to start in trouble from the tomb, and, though marred with grief, though pallid with affliction, turn mildly towards not in anger but in sorrow. Amidst the choruses of bacchanals and the refrains of lewdness, the satiated libertine may fancy at moments that he hears the calls of loved ones gone to heaven, startling him from the trance of death.

Under the loud carousals, that rage above the brain, deep down and lonely in his heart, there may come to him the whisper of parental exhortation, the murmur of household prayer, and the music of domestic hymns. The very criminal in his cell will often have these visitations: ministers to exhort, not enemies to accuse; angles to beseech, not demons to scoff.—The sentenced culprit, during even his last night on earth, must sleep and perchance may dream, and seldom will that dream be all in the present and in prison; not all of it, if any, will be of chains and blood, of shapeless terrors and pale faced avengers, of the scaffold and the shroud. Far other things will be in the dream. He once was honest and spent his childhood, it may be, in a rustic home, and grew to youth amidst laborious men and simple nature. Out of imagery thus desived will his dream be formed. In such dreams will be the green field and the wooded lane; the boat sleeping on the stream; the rock mirrored in the lake; the shadow watched expectingly from the schoolroom window, as it shortens to the noontide hour. Then there will be parents blessed in their unbroken circle; there will be young companions laughing in their play; there will be bright harvest evenings after days of healthful toil; there will be family greeting, thanksgiving feasts; there will be the grasp of friendship, there will be the kiss of love. The dream will not be entirely, if at all a dream of crime, disgrace and death; it will be one that reproduces, on the brink of eternity, the freshness of emotion, hope and desire with which existence on the earth began. What is put into the first of life is put into the whole of life. This should never be forgotten."—*Giles' Lectures.*

ANECDOTE. The Portsmouth Journal relates the following anecdote on the authority of a gentleman lately returned from Europe:

At Harlem is an Organ of gigantic size and corresponding power. When the gentleman above referred to visited it, he was accompanied by a New Englander, a regular down-easter, whose love of country was inbred and whose ideas of everything grand and sublime in the world were uttered in accordance with his superior opinion of everything that is American.

It was on a week day when the visitors entered the church. The entrance was under the organ, whence from a gallery of 15 or 20 feet, the instrument extended to the ceiling, 104 feet—making it between 80 and 90 feet in height. For a few francs, the organist gave the visitors a specimen of its powers. From the softest tones, the sound swelled gradually to the rustling of the wind, the tornado, and then to the thunder which rolled fearfully through the church, and filled the visitors with awe—again its sounds became gradually softer until the tones died away into calm stillness. It was some time before the visitors gave vent to their feelings. At length the down-easter was asked, what he thought of that? His position, his features, his whole looks showed the astonishment which had come over him; his mind travelled quick as by electric telegraph to his own loved country; the Mississippi flowed before him but that was not his idea; the White Mountains, stood out in their prominence, but they would not answer his purpose; the great lakes and falls appeared in their grandeur, but the thought of them was cast aside. 'It is, it is,' said he, as he caught the idea he had been hunting after, '*It is a Daniel Webster of an Organ!*'.

BREAKING STEERS.—In performing this business use kindness, good judgment and discretion. In order to get command of cattle, you must first get command of yourself. Some people fly into a passion, and bawl loud enough to split the ears of a common ox into splinters; and, now and then, a big oath is slipped into the tumult, by way of emphasis, we suppose, and for the purpose of impressing the ox with the superior powers of his driver. All this is useless. We have seen a deaf and dumb man drive a yoke of oxen, with a skill and precision far superior to any other men. Of course there was no bawling, nor blattering, nor swearing. He had trained the oxen himself, and every motion of his goad-stick and every touch of his brad had a meaning, and it was never made needlessly nor uselessly.—*Maine Farmer.*

NEW PRINTING PRESS.—The Paris correspondent of the London Globe gives an account of the following new Rotative Printing Machine.

It consists of a series of lateral cylinders, and occupies little more than half the space of the American machine with which the Patrie is printed, costs less than half the money paid for that, and is free from the cords and tapes which so frequently throw that machine out of action. The number of men employed for each of these machines is three. The printing is from stereotype, not from the metallic type, and the number of copies thrown off by one machine per hour is 15,000. Each cylinder carries a continuous sheet equal to 2,000 copies of a journal, and each copy is cut off by the machine and folded. The paper is not damped; the impression is superior to any produced on a damped paper. The stereotyping is an almost miraculous process. In the ordinary course of stereotyping several hours are required; here it is the work of fifteen minutes. A few sheets of tissue paper are placed together and passed upon the form containing the types. Thus the mold is formed, and the metal is pourd upon it, and as soon as it is cold the stereotypes are ready for the cylinder. Thus the wear and tear of type is avoided, and a fount of type will of course be as perfect at the end of a year as at the commencement of it. M. Emile de Girardin was in treaty for the purchase of the patentright of this invention but he demanded a monopoly, and this was impossible, for no monopoly can exist where there is a patent. The total cost of one of these machines, ready for action, is $5,000.

DEATH BY SPONTANEOUS COMBUSTION. The following extraordinary occurrence is related by the Gazette des Tribunaux:

"A few days ago, in a tavern near the Barriere de l'Etoile, a journeyman painter named Xavier C——, well known for his intemperate habits, while drinking with his comrades, laid a wager that he would eat a lighted candle.—His bet was taken, and no sooner had he introduced the flaming candle into his mouth, when he uttered a slight cry, and fell powerless to the ground. A bluish flame was seen to flicker about his lips, and on an attempt being made to offer him assistance, the bystanders were horror-struck to find that he was burning internally. At the end of half an hour his head and the upper part of his chest were reduced to charcoal. Two medical men were called in, and recognized that Xavier had fallen a victim to spontaneous combustion. This conflagration of the human frame is frightfully rapid in its progress; bones, skin and muscle are all devoured, consumed and reduced to ashes. A handful of dust on the spot where the victim fell is all that remains."

PAT A FUNNY FELLOW. It used to be the custom, at Irish funerals, for the followers, in the depth of their grief, to inquire of the departed, 'Arrah, thin! why did you die?' This peculiarly Milesian style of inquiry, we find still exists. At the last inquest on Mr Cage, the land agent, who had his body riddled with slugs, one Pat Cahern, who was beside the unfortunate man when he was shot, gave the following evidence: 'The gentleman fell against me, and then on the ground. I raised him up, and asked him, are you dead, sir? and as I received no answer, I laid him down.' We suppose if the answer had been, 'indeed I am,' Pat would have been satisfied beyond all doubt.—There's a story of an Irish sailor, in a similar situation. A messmate was wounded in action, and Pat was ordered to hoist him on his back below. As he was bearing the man along in the smoke, Pat asked 'Where are you hit honey?' 'Lost my leg,' was the reply—and no sooner uttered than another ball whipped off the wounded man's head. When Pat brought his burden into the cockpit, the surgeon swore at him for bothering him with a lifeless, headless trunk. Pat gazed, astounded, and at last said, 'Faith, then, what a fool I was to believe him; he told me it was his leg he lost, and not his head; but he was, dead or alive, the greatest liar that breathed.'—*Punch.*

A GOOD HIT AT THE USUAL CUSTOM, AT A FIRE.—No little merriment was created at the fire yesterday morning by the exclamation of a tall, spare German, with a night cap and green goggles on. He had removed all the goods from his store, many of which were broken, though his house escaped the flames. Surveying the wreck of some of his crockery ware, he exclaimed, "Dish is too pad; eb'ry ting proke and noting purnt!" [Detroit Free Press.

Father Mathew, on Sunday, the 24th inst., preached at St Patrick's church, New Orleans, and administered the pledge to hundreds of his countreymen.

MORE GOLD DUST.—The ship Montreal arrived at New Bedford on Wednesday from the Sandwich Islands with a number of packages of gold dust, a portion of which are consigned to Boston merchants.

Rain on the Roof.

By Coates Kinney.

When the humid shadows gather
Over all the starry spheres,
And the melancholy darkness
Gently weeps in rainy tears,
'Tis a joy to press the pillow
Of a cottage chamber bed,
And listen to the patter
Of the soft rain over head,

Every tinkle on the shingles
Has an echo in the heart,
And a thousand dreary fancies
Into busy being start;
And a thousand recollections
Weave their bright hues into woof,
As I listen to the patter
Of the soft rain on the roof

There in fancy comes my mother,
As she used to, years agone,
To survey the infant sleepers
Ere she left them till the dawn.
I can see her bending o'er me,
As I listen to the strain
Which is played upon the shingles
By the patter of the rain.

Then my little seraph sister,
With her wings and waving hair,
And her bright-eyed, cherub brother,
A serene, angelic pair!
Glide around my wakeful pillow,
With their praise or mild reproof,
As I listen to the murmur
Of the soft rain on the roof.

And another comes to thrill me
With her eyes delicious blue,
And forget I gazing on her
That her heart was all untrue,
I remember that I loved her
As I ne'e may love again,
And my heart's quick pulses vibrate
To the patter of the rain

There is naught in art's bravauras
That can work with such a spell,
In the spirit's pure, deep fountains,
Whence the holy passions swell,
As that melody of nature—
That subdued, subduing strain,
Which is played upon the shingles
By the patter of the rain!

MONDAY, APRIL 8, 1850.

Death of Jeremiah Moulton, Jr.

We are greatly pained to be obliged to announce the death of our friend and fellow citizen, Mr Jeremiah Moulton. This sad event happened Dec. 21st, at Fortesque Harbor, on board the ship Hellespont from Panama to San Francisco. Mr Moulton left this city last autumn for California, with sanguine hopes of being able to acquire the means, in that golden region of establishing his pecuniary independence; but he was arrested by the hand of death ere he reached his destination.

Mr. Moulton was known to most of our citizens as a man of the strictest integrity, of high sense of honor, and of unbounded benevolence. He had not, we presume, an enemy in the world, but he had thousands of friends, and they who knew him best, esteemed and loved him most.

The Cholera at New Orleans. The New Orleans Board of Health, under date of 25th March advise their fellow citizens, on account of the prevalence of the cholera, to a strict observance of precautions in the matter of dress and diet, the imprudent use of Intoxicating drinks, and hazardous administration of cholera nostrums. They state, however, that there is no epidemic disease in the city. During the week ending March 23, 383 interments were reported, of which 149 were of cholera patients.

☞ The Dorcas Society is now engaged in collecting clothing for the children of the destitute. We are requested to invite those who have any spare articles of clothing, of whatever description, to leave them at Mr. Zebulon S. Patten's or Mr Edwin Godfrey's. We trust our citizens will remember the poor. Many have articles of clothing of little or no use to themselves, which would make many a poor child warm and comfortable.

Ohio 'Free Soil.'—Judge Joseph R. Swan of Columbus, Ohio, was one of the Van Buren 'Free Soil' candidates for Presidential Electors last year, and as such received 35,354 votes—as high a vote as any man on his ticket. He is now a Loco-Foco candidate for the Constitutional Convention, and we find in the Ohio Statesman the following explicit repudiation of Free Suffrage:

The following will put an end at once to the falsehoods in relation to Judge Swan and Negro Suffrage.

TO THE PUBLIC.

I am informed that it is reported that I am in favor of Negro Suffrage. I never was in favor of granting the colored population the right of suffrage, and am not now.

I have stated this to all who have called upon me personally; and I feel it a duty to state it thus publicly, as I desire no one to vote for me under a misapprehension of my opinions.

J. R. SWAN

Columbus, March 25, 1850.

There was a very severe storm of wind and rain, in Boston on Thursday. The wind blew with great violence from the North East, veering to the North in the evening, when the rain changed to snow. The ground was white with snow on Friday morning, some fell during the forenoon.

The schooner Pearl, Captain Tuckerman, from this port for Portsmouth, N. H., went ashore during the storm, on Coffin's Beach, Gloucester, and all hands perished. The vessel went to pieces soon after striking.

The body of the captain was washed ashore in the Essex River, and about $400 found upon his person. The cargo is probably a total loss, but is partially covered by insurance.

Connecticut.—The vote for Governor, in all but fourteen towns in the State, stands—for Foster, Whig, 26,504; for Seymour, Democrat, 25,860; for Boyd, Free Soil, 2233. The Democrats have the preponderance in both branches of the Legislature, much larger, proportionally, than a comparison of the Governor vote would seem to warrent, but which may be accounted for by the fact that the Free Soil men bent all their energies to the defeat of the Whigs in the Legislature.

Factory Burnt.—We learn from Winslow & Co's Express, that a fire broke out about 3½ o'clock this morning, in the "picker room" connected with the Mousam Cotton Factory, in Kennebunk, Me. The main building as well as others belonging to the company, together with all the machinery was wholly destroyed. The firemen and citizens at 4 o'clock hoped to save the machine-shop and counting-room, but in this they were disappointed.

The property destroyed was owned by a Philadelphia Company, who were insured for $40,000 as follows: $15,000 at the Manufacturers' office in this city; $10,000 at the Merchants' do; $5000 at the National, do.; and $10,000 at the Franklin office, Philadelphia.

We also learn that the factory was not in operation, and no cause is assigned for the fire.

[Boston Jour., April 5.

☞ A correspondent of the N. Y. Herald telegraphs from Boston, that a student by the name of Hodges suddenly entered Prof. Webster's private apartment in the Medical College and saw the murderer standing over the victim's corpse, and by entreaty or threats Webster induced him to say nothing about it, and leave the city. The Boston Mail says, the only serious drawback to this story is the fact that *it is utterly devoid of truth.*

A Murdered Man found Alive. The Elmira (N. Y.) Gazette states that a Mr Salisbury, who disappeared from that place in the fall, and was supposed to be murdered, has been discovered at Waterloo, Seneca Co., where he has been all winter chopping wood. Two men by the name of Rorick and Russell, who were with him about the time of his disappearance, have been tried for murdering him during his absence, and fortunately acquitted. What induced him to leave so abruptly he is not able to state. The case is something like that of Dr Parkman's disappearance, though the latter will never return except like Hamlet, or like Banquo to a guilty conscience.

☞ The steamer Cherokee brings the mails from San Francisco to M[illegible] 1st. The letter mail contains 30,000 letters.

The steamer Georg[illegible] arrived when the Cherokee left Chagres [illegible] entertained of [illegible] safety as she was several [illegible] overdue.

☞ To make room for the Boston Business Cards, to which we invite the attention of our readers, we have [illegible] the first page to-day several interesting articles.

CONGRESS.

Washington, April 3d.

The following Message from the President was received:

To the Senate of the United States:

In compliance with a resolution of the Senate of the 22d inst., requiring the President of the United States to communicate to that body a copy of the instructions given to the agent of the United States, who was employed to visit Hungary during the recent war between that country and Austria, and of the correspondence by and with such agent, so far as the publication of the same may be consistent with the public interest; I herewith transmit to the Senate a copy of the instructions to A. Dudley Mann, Esq., relating to Hungary. He having been appointed by me special agent to that country, on the 27th day of June last; together with a copy of the correspondence with our Charge des Affaires to Austria, referred to in those instructions, and of other papers disclosing the policy of this government in reference to Hungary and her people.

I also transmit, in compliance with the resolution of the Senate, but in a separate packet, a copy of the correspondence of Mr Mann with the Department of State. The latter I have caused to be marked "Executive;" the information contained in it being such as will be found on examination, most appropriate to the Senate, in the exercise of its executive functions.

The publication of this correspondence of the agent sent by me to Hungary, is a matter referred entirely to the judgement and discretion of the Senate. It will be seen by the documents now transmitted, that no minister or agent was accredited by the Government of Hungary to this Government at any period since I came into office, nor was any communication ever received by this government from the Minister of Foreign Affaires of Hungary, or of any other Executive officer authorized to act in her behalf. My purpose, as freely avowed in this correspondence, was to have acknowledged the independence of Hungary, had she succeeded in establishing a government, permanent in its character, to have justified me in doing so, according to the usages and settled principles of this Government. And, although she is now fallen, and many of her gallant patriots are in exile, or in chains, I am free still to declare that had she been successful in the maintenance of such a government as we could have recognized, we should have been the first to welcome her into the family of nations.

Z. TAYLOR.

Washington, March 28th, 1850.

In the House. The House went into Committee of the Whole on the state of the Union, on the President's California Message.

Mr Richardson, dem. of Illinois, who was entitled to the floor, gave way to

Mr M'Clernand, dem. also of Illinois, who said that he would offer a plan for the settlement of the questions which have so long agitated the country. He trusted that it would meet with the approbation of all who were desirous of bringing about peace. He proposed—

First, To admit California with her constitutional boundaries.

Secondly, To erect territorial government for Utah.

Thirdly, Territorial government for New Mexico—marking their boundaries, and continuing their present laws in force, so far as is consistent with the Constitution, and the laws of the United States.

Forthly, The bill provides a Compromise relative to the Texan boundary: if Texas consents to reduce her boundary, to receive $10,000,000 in stock, and the number of new States to be formed out of Texas according to the resolutions of annexation. If Texas does not consent, then this fourth point fails, and the boundary question remains open.

He offered this proposition as an olive branch, and not as a party scheme.

Mr Carter, dem. of Ohio, wanted to offer an amendment.

The Chairman said it could not be done now.

Mr Wentworth dem of Illinois, presumed that the gentleman only gave notice of his intention to do so.

Mr Baker whig, of Illinois—do I understand my colleages to propose giving a territorial government to New Mexico and Deseret, without the Wilmot proviso?

Mr McClernard—Yes.

Mr Inge dem of Alabama—The proviso is dead.

Mr Baker—Put me down as one of your humblest colleagues who is opposed to your bill.

Mr Howard (dem.) of Texas—I ask whether if Texas does not consent, the organization takes place on the banks of the Rio Grande?

Mr. McClernard—It is difficult for me to answer the question, but the bill provides that in the event that Texas declines the proposition relating to her, the proposition falls.

Mr. Howard—I wish to say, unless the rights of Texas are acknowledged, I will vote against the bill.

After some further discussion the bill was ordered to be printed, and the House adjourned.

Thursday, April 4.

In the Senate. The Vice President announced the committee to accompany the remains of Mr. Calhoun to South Carolina, to consist of Messrs Mason, Davis of Mississippi, Berrien, Webster, Dickinson, and Dodge of Iowa.

The fugitive slave bill was taken up. Mr. Underwood concluded, urging some fugitive acts,—nothing would more promote harmony. He had no faith in convention. His only hope was in the Judiciary.

Messrs. Corwin and Hale answered some allusions.

Mr Foote moved to postpone the further consideration of the question until to-morrow.

Mr Webster thought it was his duty to remind Senators that the time had come for action. He regretted to see the debate prolonged without tending to a conclusion. They ought soon to decide to take up some practical measure, and discuss that alone until action.—He believed it was time to take up the bill to admit California. Settle that first, and then act on the Territorial bills.

He was willing to take up and vote on all propositions before them in order; but was unwilling to have any of these questions open to discussions and heart burnings during the recess. There was nothing so important to the satisfaction and the good of the country as the settlement of these questions, if they desired to preserve their credit all over the world, and save the government from reproach across the Atlantic.

He did not expect harmonious legislation on any other of the great subjects touching the interests of the country, until this question is settled. He wished it settled on constitutional principles. He wanted no new platform, concession or compromise; with due candor, deliberation and fraternal feeling, they would be able to settle the question and satisfy the whole people.

Mr. Foote said that he coincided in most of Mr. Webster's remarks but one—the territorial bill newly reported and introduced, should be first considered. He strenuously argued that California would be admitted first and separately; if so, it would dissolve the Union.

Mr. Webster said he had no fears of dissolution and reminded Mr. Foote of his famous prophecy—California would finally be disposed of, like any other question, simply by yeas and nays, whatever the delay and opposition was.—There was no necessity for alarm.

Mr. Foote rejoined.

Mr. Shields agreed fully with Mr. Webster, and took the floor for to-morrow. Adjourned.

In the House. The House occupied the morning hour in discussing hemp, without making any progress.

In Committee of the Whole on the State of the Union, the consideration of the California bill was resumed. Mr. Greene of Missouri spoke an hour defending slavery in the territories; against the adoption of the Proviso, and against California. He contended that there were no disunionists in the South yet. The South would maintain its rights, in defiance of Northern Abolitionists or Southern traitors. He suggested the Missouri line.

Mr. Spaulding of New York followed, and spoke an hour. He defended the President against the charge of double dealing, and asserted that he was never represented in the North as being in favor of the Wilmot Proviso. He advocated the admission of California warmly, and was frequently interrupted by McLane, Toombs, and others. He warned the South against the Nashville Convention—Nashville treason. The patriotic President would defend the Union, millions of freemen standing by him. Mr Wallace of S. C., has the floor. Adjourned.

☞ We return our thanks to Bryant & Co's Express for Boston papers received Saturday in advance of the mail.

TELEGRAPHIC.

LATER FROM CALIFORNIA.

ARRIVAL OF THE STEAMER

EMPIRE CITY.

Two Millions of Gold Dust.

New York, April 5th.

The Empire City arrived this P. M. She reports the Sarah Sands going into Valparaiso when the Tennessee left.

The Oregon left San Francisco on the 1st March and arrived at Panama on the 20th, with 262 passengers and $1,300,000 in gold on freight and $1,000,000 in hands of passengers.

Mr. Bailey the Mail Agent brings despatches from the Hon. J. P. Van Allen to the Secretary of State. Mail of the Cherokee and passengers from N. York reached San Francisco in 36 days. The U. S. ship Falmouth was at Mazatlan on the 9th March, and was to sail on a cruise in a few days. The Oregon will leave Panama for San Francisco on the 1st of May. One passenger by the Oregon had a lump of gold weighing 14 lbs—he had been offered $4000 for it.

Gen. Conde, Mexican Boundary Commissioner, and suit, came on the Oregon from San Diego to San Blas, on his way to the City of Mexico. The Commissioners have concluded their labors on the Pacific side, and adjourned to meet again in November at Paso Del Norte. Col. Nutter had transferred the business of the Commission to Maj. Emery, and left for San Francisco.

The quantity of gold dust in possession of the miners is very large. They were taking advantage of the weather to bring it down to San Francisco, and succeeding steamers will carry away larger amounts than have yet been shipped by any one steamer.

It is quite healthy at San Francisco and Sacramento City. Business is assuming a very active appearance. Money scarce. Loans made at from 10 to 15 per cent a month. The Commercial Advertiser has the following letter:—

San Francisco, March 1st, 1850.

Business is reviving for spring trade; and miners are coming down for supplies, and others are leaving for the mines. The yield of gold is quite as large as in the summer of '48, and as large as at any time last year.—The rains of winter have done all for the miners, discovering new bars, and developing gold on previously exhausted diggings. Health at the mines is generally good. There is however, the usual amount of sickness on the banks of the Sacramento and San Joaquin rivers; and in San Francisco there is much sickness, from insufficient lodgings; still San Francisco is generally healthy.

The Export trade has wonderfully increased within six or eight months. Street after street is raising and many substantial brick buildings erected.

The Pacific News of the 18th of Feb. says the influx of population continues and San Francisco grows with the same rapidity as heretofore, and towns are springing up all over the land.

Stockton, Feb. 13.

Information from the Southern mines is generally quite encouraging. The Miners are in excellent health and spirits, having passed a pleasant winter in their mountain homes.

Provisions were generally plenty and not dear.

New diggings had been discovered on almost every stream and ravine and Miners were only waiting for settled weather.

The largest number of persons congregated in any one section of the southern mines is in the Mariposi country. The whole region of country extending from Narcedes to Mariposa, exhibits externally better evidences of gold than any other section of the southern mines. It is said that a 93 lb lump has been found near Stanilaus.

LEGISLATIVE PROCEEDINGS.

An act has been passed creating a temporary State loan, on bonds insured redeemable after one year. It is believed that the issue will not exceed $150,000, to meet the present wants in anticipation of the collection of taxes, for which a bill has been nearly matured. An act has been passed dividing this State into counties, and shire towns had been selected and provision made for the holding of elections under county organizations.

Gov. Burnett transmitted a message to the Legislature on the 2d of Feb. relative to a proposition from the State of Deseret asking for a call of a new Convention to be comprised of delegates from all California on both sides of the Mountains, with a view of forming for the present one State, to cover the whole territory acquired from Mexico, and at the same time agreeing upon certain boundary lines which shall ultimately separate California from Deseret. The Governor in his message is of opinion that the proposition should not be complied with. The message and accompanying documents were laid on the table.

The following are the salaries appropriated for State officers by the General Assembly:

Governor, $10,000; Sec'y of State, $7,000; Surveyor General, $7,000; Comptroller, $8,000; Treasurer, $8,000; Attorney General, $7,000; Chief Justice, and each associate Justice, $10,000; District Attorney, $2,000; State Translator, $8,000; Governor's private Secretary, $1,000.

A bill to incorporate the city of Sacramento was vetoed by the Governor on the ground of the unconstitutionality—the constitution providing that such corporations shall be general law.

Great Pacific Railroad Convention.

The Convention which assembled at St Louis, Mo., in October last, to consider the feasibility of building a railroad to the Pacific, and to deliberate upon the proper plan, adjourned to meet in this city. Yesterday, at noon, the delegates re-assembled at the Philadelphia Museum, re-organized the convention by the admission of new delegates, making it in fact a different body from that which assembled at St. Louis.

Mr. Solomon W. Roberts called the meeting to order, and moved that the Hon. Joseph R. Ingersoll take the chair, for the purpose of temporary organization, and that Thos. Burch, Jr., be appointed Secretary. The motion was carried unanimously.

Mr. Ingersoll, upon taking the chair, returned thanks for the honor conferred upon him.—He referred to the magnitude of the proposed work, and extended to the delegates from a distance, in the name of the citizens of Philadelphia, a hundred thousand welcomes.

A long letter was read from the Hon. Thomas J. Rusk, U. S. Senator from Texas. It was an interesting communication, and contained the views of the writer at length.

A letter from the Hon. Thomas H. Benton, of Missouri, was also received, enclosing a copy of his bill for the construction of a series of roads from the Mississippi to San Francisco.

After some desultory discussions upon the question whether P. P. F. Degrand, of Boston, should address the meeting during the afternoon, upon the subject of a railway to the Pacific, the Convention adjourned to meet this morning, at 10 o'clock.

The attendance of delegates and spectators was not large. There were not more than sixty or seventy members of the convention in attendance. The assembling yesterday, however, was merely preliminary.—Phila. Ledger, April 2d.

A Young Mother.—Mr. Walter Colton saw at Rio a woman only twelve years old, who had two children. She was married at the age of ten to a man of sixty-five.

Painful Rumor.—We learn, says the Boston Mail, from a gentleman residing at Cambridge that one of Prof. Webster's daughters, a young lady of much promise and of the tenderest sensibilities, crushed and heart broken by the overwhelming realization of her fond parent's terrible position, has become a maniac! How insignificant is all human sympathy to lighten sorrows such as theirs!

Georgia.—At the recent session the Legislature of this state, an act was passed giving to the widow and child or children of any person dying insolvent $100 worth of the property of said insolvent free and clear of all claims for debts due by him.

Ice.—The Kennebec Journal says that more than five thousand tons of ice has been secured this season, in the town of Augusta alone.

CRESCENT DIVISION SONS OF TEMPERANCE ANNIVERSARY.

THE Anniversary of Crescent Division Sons of Temperance will be observed at CYNOSURE-HALL, on *Monday evening, the 8th inst.*, by a social meeting of the Members of the Order, their wives and female friends. Tickets 25 cts., to be had at the Book store of BRO WM. LEWIS, and at the door. Commencing at 7 1-2 o'clock.

BANGOR MERCANTILE ASSOCIATION.

ANNUAL MEETING.

THE Members of this Association are notified that the Annual Meeting, for the choice of Officers and transaction of business, will be held in the Library Room, on THURSDAY EVENING, April 11th, at 7 o'clock.

AMENDMENT TO THE CONSTITUTION.

Regular notice has been given that an amendment to the seventh article of the Constitution will be proposed, fixing the amount of Annual Assessment hereafter, at FOUR Dollars, instead of THREE, as at present established.

A large and punctual attendance is requested.

JERE FENNO, Secretary.

THE GOLDEN RULE.

The Odd Fellows paper publishes the following:

Sarsaparilla.—Among the numerous extracts of this highly medicinal root, Brother S. P. Townsend's bears the palm of superiority. It is indeed an excellent family medicine, and having used it in our own family with decided advantage, we can recommend it with perfect success.

Agents for Bangor, LADD & INGRAHAM. Sold by A. P. GUILD, G. McFARLAND, and WM. MANN.

ap 8 2td&w1t

NOTICE.

THE regular meeting of Cynosure Division S. of T. No. 11, has been changed, permanently, from Friday to Monday evening of each week. Brethren are requested to take notice and govern themselves accordingly.

E. H. DAY, R. Sec.

Bangor, March 30, 1850. 1w

CURE FOR WHOOPING COUGH.

At this season of the year, when Whooping Cough is prevalent, every family should be provided with a bottle of DOWN'S ELIXER—which is the surest remedy known for that distressing complaint!

It loosens the Cough, promotes expectoration, soothes the irritated organs of the Lungs and Throat, saves hours of hard coughing, and restores the patient to health in much less time than any other known remedy.

Down's Elixer is also the most effectual known remedy for every species of Cough and Lung Complaint.—[See advertisement in another column.]

Sold by Druggists and dealers in medicine throughout the country. mch4 d&w6w

C. [illegible] FESSENDEN'S

WRITING ACADEMY open day and evening, at *No 74 Main Street.* Mr. Fessenden, thankful for the flattering patronage bestowed upon him (and having located himself permanently in this city, as a teacher of penmanship) would solicit a continuation of the patronage of all those who wish to acquire an easy rapid and graceful system of writing, fitted for the counting room, or for ladies in epistolary correspondence. Those wishing to fit themselves to teach, will be fitted upon reasonable terms.

Cards marked to order with neatness and despatch.

Terms—for 12 Lessons,—Gentlemen, $1,50 Ladies 1,00. Payment in advance 4m may 12

☞ BANGOR LYCEUM.

THE Managers give notice that no more Lectures will be given before the Lyceum for this Season.

The necessary absence of one, and the disinclination of other gentlemen who were expected to appear, with the lateness of the Season, have induced the Managers to suspend their efforts to procure more lecturers.

The annual meeting for the choice of Officers will be held at the Aldermen's Room in the City Hall, on *Tuesday*, April 9, at 7 o'clock, P. M.

WM. SANDFORD, Sec'y.

Bangor, March 19, 1850. 3wd

'TIS STRANGE, BUT TRUE!

That many will *neglect a Cough* month after month, and then wonder at last they have CONSUMPTION.—How much wiser to nip this disease in the bud, *which can always be done* by using *Dr A. Rogers' Syrup of* LIVERWORT, TAR, and CANCHALAGUA. "A stitch in time saves nine."

☞ See long advertisement in another column.

mh 27 3mwd&w1m

Chickering's Piano Fortes!

WE shall receive as soon as the river opens, (preferring to wait till that time, so that the Instruments may arrive in *good order*,) an assortment of splendid PIANO FORTES, made at the celebrated establishment of JONAS CHICKERING, and therefore equal to any in the World.

Persons in want of an Excellent Piano, will do well to wait till ours arrive; they will be in good order, warranted, and *VERY CHEAP*.

Orders for tuning, or repairing Piano Fortes, executed promptly, and if perfect satisfaction is not given, no pay demanded.

Pianos taken in exchange, and second hand Pianos to let on moderate terms.

ap 8 FENNO & HALE

Dissolution of Copartnership.

THE Copartnership heretofore existing under the style of McKENNEY & CO. was dissolved on the 1st inst. Those indebted to the late firm, are requested to call and settle their accounts with L. G. McKENNEY, who will continue the business.

April 8, 1850.

LAGRANGE'S CELEBRATED

Disinfecting Chloride,

FOR

PURIFYING THE AIR:

FOR SALE BY

JAMES DUNNING, *BANGOR, ME.*

THIS highly disinfecting preparation, discovered by a French Chemist, is one of the best preventives against Cholera and all other diseases arising from an impure state of the atmosphere. Its presence purifies the air and renders all offensive matters entirely inodorous, and it is therefore a very desirable article to throw about sink drains, privies, and all other places where the atmosphere is tainted with unwholesome gases and offensive effluvia.

There is not a family in the Country or City but what ought to have at least one box of this Chloride, to sweeten and purify the air after having cleaned up about their house and out buildings.

April 8.

SCHOOL NOTICE.

THE Superintending School Committee will be in session at Mr LITTLEFIELD's School Room, on WEDNESDAY NEXT, at 2½ o'clock in the afternoon, for the purpose of ascertaining the qualifications of persons applying to teach such of the public schools as are not already supplied with teachers, and to examine candidates for admission to the High School for Girls.

Per Order, JOHN E GODFREY, Sec'y.

April 8 tm

A LECTURE INTRODUCTORY TO THE COURSE ON SURGERY,

Delivered at the Massachusetts Medical College in Boston

BY HENRY I. BIGELOW, M. D.,

Professor of Surgery in the Medical School of Harvard University.

Published by TICKNOR, REED & FIELD.

MICA OR SHEET ISINGLASS,

For STOVE DOORS, LANTERNS, &c., &c., of superior quality, for sale, Wholesale or Retail, at *No 31 Union Street,* (Up Stairs,) *Boston, Mass.*, by GEORGE H. RUGGLES.

Stained and Ornamented Glass.

J. M. COOK,

No. 16 Atkinson Street, BOSTON,

Manufactures STAINED, CUT and ORNAMENTED GLASS of various Colors, and in a great variety of Patterns drawn expressly for Side Lights, Church, Steamboat, Ship, and other Ornamented Windows. LEADEN and METAL SASHES made to order. GROUND and ENAMELLED GLASS, by the Wholesale and Retail.

FIRE AND WATER PROOF PAINT.

The Ohio Metallic Paint is constantly kept by the subscriber. This Paint is now used quite extensively on Roofs, Steamboats, Dwelling Houses, Barns, Railroad Cars, &c. It is an excellent Paint for Brick Buildings and Iron Shutters, as it is impervious to moisture. *To make a New Roof of an old leaky one,* sweep it clean, then put on three good coats mixed with boiled linseed oil, and see that the joints are well filled up, and in a short time it will become a tight fire and water-proof roof.

All orders addressed to the undersigned will meet with prompt attention.

J. M. COOK,

OYSTERS.
IT is the decided opinion of very many persons well qualified to decide that GEORGE FARRINGTON'S Establishment is certainly the best place to obtain your OYSTERS for family use
Citizens do call at FARRINGTON'S famous *SALOON*, if you know where you are well used for it is at this place where **OYSTERS** of an excellent, fresh and superior quality can be bought by the barrel, quart or pint, or in any other quantity Furthermore, at this great Emporium, OYSTERS are received every week, direct from New York, and no mistake

There is but one place in this our city,
Where Oysters are bought and isn't it a pity,
'Tis true indeed, and that I will pronounce,
There's a difference in quality which you'll not denounce
G. FARRINGTON'S the man who'll supply our wants
In this great delicacy, as every man counts

East end Kenduskeag Bridge, two doors from John Low's Old City Market.

Caution to the Public.
Beware of Humbugs and Quacks!
THE HUMAN EYE is too delicate an organ to be trifled with, notwithstanding this, there are Quacks in our community unprincipled enough that of course know nothing of the Science of Optics and will for mere paltry gain buy sell and *puff up* an inferior article of SPECTACLES that cost half price! The lenses, in particular, being so untrue and imperfect as to ruin the sight entirely if persisted in for any length of time
The subscriber having served a regular apprenticeship with Mr D B WIDDIFIELD Optician of Boston, and with 17 years practice in manufacturing and fitting lenses for all defects of the eye, within the reach of Optical assistance he trusts he will be enabled to give satisfaction in this department, to all who favor him with a call

———"The fair Nereids
They came on shore and slily as they fell
Conveyed each tear into an oyster shell."
So sung the author of Britannia's Pastorals, and no wonder that Pliny wrote praisingly of this delicious delicacy of the palate which titilates with so exquisite a sensation and causes the limpid saliva to flow in a Niagara of delight How large and sweet and pleasant and tender and white are the **OYSTERS** found at GEORGE FARRINGTON'S famous *SALOON*
A Dutchman calls for his *Aster* and George serves him in a twinkling
A German steps into a curtained alcove and asks for his *Auste*, and a bowl of the white soup is placed before him
The Swiss call for *Ostra*, and the glistening dish is provided
The Frenchman seats himself in Alcove No 76 and orders *Huitre* and smiling George furnishes a variety which makes the Frenchman's stomach have a holiday of delight
A dark Spaniard demands his favorite *Ost* which FARRINGTON'S attendants immediately place before him
The Italian, panting with expectation, throws off his little hat, seats himself in the richest alcove he discovers unoccupied and calls upon FARRINGTON for *Ostria* which George nothing loth places before him in the raw, the roast the soup the fried the fricassee, and other shapes, which his skill has discovered
The Yankee take his comfortable seat and orders his *Oysters*—four plates and six cups of Coffee! His order is answered, for the Proprietor is everlastingly on his feet
Such is a brief picture of the famous Establishment of GEORGE FARRINGTON,—the great emporium of the Eastern country —where OYSTERS of most excellent quality and delicious cooked and seasoned, may be obtained in any quantity
Remember the place, at the East end of Kenduskeag Bridge, just two doors from John Low's iron sided, weather beaten solid and invincible City Market where if the gentlemanly Proprietor is not himself present Simon Sidelinger will be found with all the fat and fair slices

White's Hair Restorative:

A PURELY VEGETABLE COMPOUND

For Restoring, Beautifying, Cleansing, Softening, and Dressing THE HAIR

THIS elegant preparation is fast taking the place of all other articles in use, for restoring and dressing the Hair It prevents the Hair from falling off, promotes its growth removes dandruff, and restores the natural and luxuriant th of the Hair c n n e of ss It also es pain and in the head, a sovereign edy for all diseases of the scalp It gives the Hair a brilliant glossy lustre a silken texture, and a healthy, vigorous appearance No Lady's toilet can be complete without this indispensable article

RECOMMENDATION

[Certificate of Dr Perry, Portsmouth N H]

Portsmouth Sept 29 1849

Mr J P Morse, Agent for "White's Hair Restorative"

Dear Sir—I deem it my duty to state some facts respecting the inestimable value of White's Hair Restorative Several years ago, after a severe fit of sickness, my wife lost all of her hair, the scalp appeared diseased, and the hair grew out harsh, and uneven About a year ago, by another fit of sickness, she lost all her hair a second time and for a long time there was apparently no action in the scalp After various applications I was induced to try the above mentioned Restorative, and now after the use of a few bottles her hair has grown out as thick, as lustrous, and of as beautiful a color as ever Furthermore, for a long time I have been afflicted with neuralgic and other pains in my head and I have found it the best external remedy I have ever tried, I can therefore cheerfully recommend it to all who are afflicted as above, as the best article I have ever seen

Most respectfully yours, &c

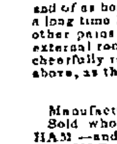
THE VEGETABLE PULMONARY BALSAM

Is the Most Highly Approved and Popular Standard Medicine now in General Use for,



COUGHS COLDS AND CONSUMPTIONS *Asthma Pleurisy, Phthisic Spitting of Blood, Hooping Cough, Bronchitis*, and all Pulmonary Affections and Diseases of the Lungs and Chest

It is thus spoken of by eminent Physicians One says—"For the above complaints it is superior to any other preparation used" Another—"It has been used with *wonderful* success, and has a superiority over any kind of medicine used" Another—"I can with *confidence* recommend it" Another—"It has been used with complete success, and I am *satisfied* that it is a *valuable* medicine" Another—"It is a *safe, convenient*, and very *efficacious* medicine"—Another—"It has never, to my knowledge, disappointed the reasonable expectations of those who have used it" Another—"It is equal if not superior to any other medicine within my knowledge"

Extract from a letter dated Dayton, Ill, April 13, 1849—"It was first introduced into my family by a celebrated Physician, some ten years ago, and such was the benefit my wife derived from it that we have not been without it in our house since I have also recommended it to at least fifty different persons since, for Affections of the Lungs, and I do not know of a *single* case in which it did not give *immediate* relief and some were cured after being given up by their Physicians"

☞BEWARE OF COUNTERFEITS AND IMITATIONS such as Carter's Compound Pulmonary Balsam American Pulmonary Balsam, and others, in part, bearing the name Enquire for the article by its whole name the

"VEGETABLE PULMONARY BALSAM"

and see that it has the written signature of Wm John Cutler on a yellow label, on the blue wrappers. Each bottle and seal is stamped "Vegetable Pulmonary Balsam"

Prepared by REED & CUTLER, Importers and Wholesale Dealers in Medicines, Paints Chemicals and Dye Stuffs 33 India Street, Boston and sold by Druggists, Apothecaries and Country Merchants generally For particulars and recommendations see a Pamphlet accompanying each bottle Price 50 cents

dec 24 3tawd&w6m

Cough! Cold!! Croup!!!

ALL the popular COUGH MEDICINES in common use—and also that most excellent Pulmonary Elixir which never fails to cure common Coughs and Croup and is one of the best Medicines that can be given in cases of consumption It induces a free and easy expectoration—be sure and give it a trial,—the price is but a trifle

Another Life Saved.

Read the following letter from a Clergyman of Camden, Me, to the Editor of the GOSPEL BANNER—

DOWN'S ELIXIR,—A CURE.

BR DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state, through the Banner, that in my sickness last winter and spring I received very great benefit from the use of N. H DOWN'S ELIXIR

I had been troubled some weeks with a severe cold which so affected the vocal organs, that it was with great difficulty I discharged the duties of my office. My cold continued until I was completely prostrated by bleeding, which created a dry, hard cough My appetite failed my strength wasted, and my flesh disappeared Seeing Wistar's Balsam of Wild Cherry recommended in the Banner, I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, making a large amount of it very necessary, and, also contracting the very organs that should be relaxed I used other kinds of patent medicines, but with no good effect seven weeks I continued gradually to sink under my disease at the expiration of which time, I was extremely weak my skin dry and husky, and my feet and hands cold most of the time I had a dull, heavy pain between my shoulders, and a distressing pain at the pit of my stomach My tongue was coated with a thick, white fur, bowels very irregular and costive, hectic fever night sweats, dry, hard cough, difficulty in breathing, and low spirits My stomach at this time was so sore and weak that it was with difficulty I could stand erect This was my situation when I commenced the use of N H DOWN'S ELIXIR—And to my great joy, and the greater joy of my friends, I found that the use of it a few days had regulated my bowels, equalized the circulation and produced a healthy moisture upon the skin I used three bottles in two weeks, which entirely removed the soreness and weakness from my stomach gave me a good appetite, and greatly improved my strength. I continued its use six weeks, using six bottles at which time I was able to resume my ministerial labors I have since recommended it to a large number, and have never known it to fail of doing good where the directions were followed

I have given it to my children in *colds*, and in a case of *measles* and it has proved ALL IT IS recommended to be

I therefore *cheerfully* recommend N. H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended Yours truly, J L TUTTLE

Camden, August, 1849

Facts deduced from the foregoing letter

1st Down's Elixir is laxative—curing costiveness while other medicine increases that difficulty

2d It is perspirant It equalises the circulation—restores a healthy moisture to the skin, and vigor and tone to the system

3d It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system

4th It cures colds—is an effectual remedy for the measles, and proves 'ALL IT IS RECOMMENDED TO BE'

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE, G W LADD, CURTIS & PERKINS A P GUILD, WM. MANN G McFARLAND Bangor, L S Smith, J W Curtis & Co, Hampden, Chas Johnson, J B Chick, Frankfort; H P Fifield, Bucksport, J Hooper, Jr, S P Hatch & Co Castine, B Nourse, Geo Parcher, Ellsworth, E P Butler & Co, Orono, J & R Fisk, H & J Y Richardson, Oldtown, Wm O Poor, Belfast, Chas A Macomber, R T Stocomb, East Thomaston

Oct 19, 1849 3tawd&wtmay 1850

DOCT. MARSHALL'S

Aromatic Catarrh and Headache Snuff.

THIS article is the *best preparation* in the world for a *cold in the head*, the HEADACHE, and all CATARRHAL AFFECTIONS

It cleanses strengthens and restores to healthy action all those organs and membraneous passages of the head, the *obstruction* of which produces *pain in the fore head and region of the eyes, a sort of snuffing in the nose, a sense of matter dropping from the head into the throat, &c* All these it cures easily and speedily, and the most *confirmed cases* of CATARRH, it usually CURES in from to four months

It is also an *unfailing cure for the* NOSE BLEED, if persevered in but a short time

Sold at wholesale and retail by Druggists generally, and by David Hughes, G W Ladd, Curtis & Perkins, A P Guild Wm Mann, G McFarland, Bangor; L S Smith, J W Curtis & Co Hampden, Chas Johnson, J B Chick, Frankfort, H P Fifield, Bucksport, J Hooper Jr, S P Hatch & Co, Castine, B. Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in Quart Bottles—it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates diseases it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known, it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*, a power possessed by no other medicine And in this lies the grand secret of its wonderful success—It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c, have been and can be cured

SPITTING BLOOD.

New York, April 28, 1847

DR TOWNSEND—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live—I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,
WM. RUSSELL, 65 Catherine st.

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq, one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk, I had the most distressing pains and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good I am so much better—indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours, respectfully, JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully, JOHN BUTLER, Jr

FEMALE MEDICINE.

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness.—It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of *nature*—not of *powder* or *soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it, are more than satisfied, are delighted Ladies of every station crowd our office daily

NOTICE TO THE LADIES

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females, &c, &c*, and have copied our bills and circulars which relate to the complaints of women word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not A number of these Mixtures Pills, &c are injurious to females, as they aggravate disease and undermine the constitution

SCROFULA CURED

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood—three persons cured in one house is unprecedented

THREE CHILDREN

Dr Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel myself under great obligation. Yours respectfully, ISAAC W CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from Physicians in different parts of the Union

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. H P. PULING, M D, J WILSON M D, R B BRIGGS, M D, P E ELMENDORF, M D

Albany, April 1 1846

CAUTION.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

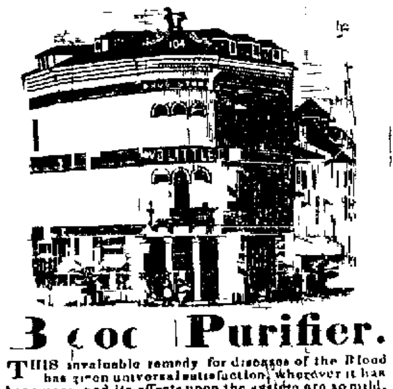
DR. GAY'S



Blood Purifier.

THIS invaluable remedy for diseases of the Blood has given universal satisfaction, wherever it has been used and its effects upon the system are so mild, pleasant and effectual, that all who use it are constantly speaking of its wonderful properties, and recommend it in the highest terms, to all who need the remedy It is a certain cure for all

Humors and Diseases

of the Blood, for which purpose it is alone intended

Certificates in any quantity, can be obtained, of the almost miraculous cures it has effected, but it is now so well known that it is not deemed necessary to publish them

SCROFULA.

This dreadful disease is disarmed of its terrors, since the introduction of Dr GAY'S *BLOOD PURIFIER* This complaint which sets at defiance the skill of the most celebrated Physicians, readily yields to the virtues of the *Blood Purifier*, which, by its wonderful chemical combination, assimilates so perfectly with the Blood, that as soon as it is taken, it is absorbed into the circulation, and cleanses the blood throughout the whole system Thus, by making the

Fountain of Life

pure, it destroys the poison humors throughout the entire body, and eradicates completely and forever the cause of the disease.

It may be as well to mention that Dr GAY'S *BLOOD PURIFIER* is entirely vegetable in its composition, as harmless to the constitution as water yet when a disease is to be attacked, or when a humor is to be expelled from the system it will be found the most powerful and effectual remedy ever discovered

Mercurial Affections.

Diseases caused by the improper use of Mercury, are readily cured by the use of the BLOOD PURIFIER as are also Mercurial Rheumatism, Nervous Debility Weakness, Loss of Appetite &c, &c

Pimples on the Face

are entirely removed by using one or two Bottles,—and in fact all and every disease which is caused or produced by impure Blood

CONSUMPTION!

This terrible and much dreaded malady, the scourge and bane of our climate, in its first stages, yields readily to the curative and purifying powers of Dr GAY'S *BLOOD PURIFIER*, and in its more advanced stages, it seems, from its peculiar affinity with the Blood, to stay the progress of the disease and to sustain and prolong the existence and alleviate the sufferings of the unhappy patient The

Muscular Strength

and activity, and the bodily and mental energies are rapidly increased under its use, whilst the increased color of the face and lips implies not only that the vessels are filled with more and better Blood, but that the BLOOD PURIFIER actually possesses the peculiar and wonderful properties of increasing the quantity of Blood in circulation It will be useful for

Children of a Scrofulous Habit,

and those who are suffering from any kind of a humor This so very pleasant to the taste that they take it very readily and it has a wonderful effect in removing all impurities from the Blood of the little sufferers.

BRONCHITIS

and Diseases of the Throat and Lungs.—Dr GAY'S *BLOOD PURIFIER* has a wonderful effect upon these and all Pulmonary Complaints These difficulties are caused by humors, which irritate the membranes of the Throat and tubes leading to the Lungs The *BLOOD PURIFIER*, by acting directly upon the Blood, removes the cause of the disease and the humors having nothing to sustain them, are completely and effectually cured.

In like manner Dr GAY'S *BLOOD PURIFIER* cures speedily and effectually, all

Chronic Complaints

and difficulties arising from an impure or weak and impoverished Blood

SCROFULA

If thousands of Cures of Scrofula, Cancers, Syphilis and other impure diseases of the Blood—and if the very SMALL QUANTITY which was used of a Medicine to effect Cures of such Diseases be any proof of the purifying medical power in the Medicine which has subdued and conquered such Diseases—then there is unquestionable evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is *such a Medicine* in every respect and there is abundant proof, in *great cures* effected that ONE BOTTLE of it contains *more* purifying healing virtue and *medical power* than there is contained in *Four Bottles* of any *sarsaparilla*, or any *other medicine* that has ever been offered for sale There is undoubted proof in our pamphlets that by the use of this great *Indian Purifier* they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK SCROFULOUS, and otherwise diseased, have been HEALED and CURED

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested ALL the *sarsaparillas* and other medicines recommended to cure blood diseases, have *decided* that—

Brant's is the Cheapest,

because *One Bottle* of it has *more* medical curative matter in it, and in consequence, cures *more disease* in much *less time*, than *one bottle* of any other medicine

If, then, *ONE Bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle* of *sarsaparilla*, BRANT'S PURIFIER would be as *cheap* at *four dollars* a bottle, as *sarsaparilla* at *one dollar* But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle and as a bottle of it has cured, and is *capable* of curing, *Four Times* as much disease as *one bottle* of *sarsaparilla*, there fore sarsaparilla, in consequence of its *less power* and *less* medical efficacy, should be sold at *no more* than *Twenty Five Cents* per bottle to be as *cheap* as the PURIFIER at *One Dollar*

One Dollar's Worth!

How much CANCERS—how much SYPHILIS—how much SCROFULA will *One Dollar's worth* of *Brant's PURIFIER* cure [illegible] the following statement, which is a specimen [illegible]

CANCEROUS SCROFULA!

[illegible] of a *Dying man* who *yet lives* He *was* [illegible] case of Scrofula, by only *Twelve Bottles* [illegible] than ever was cured by the use of [illegible] of the *best sarsaparilla* that was ever made [illegible] not *sufficient medical power* to effect the [illegible] a *revoltingly hopeless* case

[illegible] HASKIN of Rome Oneida Co N Y had *Scrofulous* [illegible]—was confined to his bed the *last year*—he [illegible] diseased and debilitated as to be unable to [illegible] to his head He had the *best* medical aid, *all* of the *best sarsaparillas* to no good [illegible] *worse* and *worse* and was considered to be in [illegible] *ate*, and could not live *twenty four hours* longer [illegible] commenced using BRANT'S PURIFIER His [illegible] was *eaten nearly off* from *ear* to *ear*—a *hole* was eaten through his *windpipe*, under his chin, so that he breathed through the hole—his *ear* was so eaten around that it could be *lifted* up out of its place, it only holding by a *small* piece—the use of *one arm* was *destroyed* by two Ulcers—an *Ulcer* under the arm as large as a man's *hand* had nearly *eaten* through his side *into his body* Thus he was afflicted with *Twenty* such *putrid, acrid offensive Ulcers* on various parts of his person, For further and full particulars, see our *Pamphlets*

Doct THOMAS WILLIAMS one of the most skilful physicians of Rome was called to see Haskin the *day before* he commenced using *Brant's Purifier* Doct W examined him, and then told him that *all* the *medicines* in the *world* could *not cure* him—that his case was

Worse than Hopeless!

Now hear Mr HASKIN'S statement of cure He said My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*—THAT BOTTLE enabled me *to get off my bed*—the SECOND bottle enabled me *to get out of the house*—the THIRD enabled me *to walk two miles*, and when I had finished using *Nine Bottles* SEVENTEEN out of *Twenty Ulcers* had HEALED UP and *three bottles* more effected a perfect cure and restored me to *good health*

FOURTEEN WITNESSES!

The above facts are certified to by DOCTOR T. WILLIAMS, Mr G R BROWN of *West Rome Hotel* Messrs BISSELL & LEONARD, Druggists, and ELEVEN other *respectable witnesses* at *Rome*.

CANCERS CURED.

Mr O B KINNEY, merchant, *Clinton, Oneida county*, N Y informed us that a cancer-doctor in said county was effecting wonderful cures of *CANCERS* through the efficacy of BRANT'S PURIFYING EXTRACT! A *cancer-doctor* in Greene county N Y is also using said PURIFIER Mr A B SETTLE, druggist, at Canajoharie, Montgomery county, N Y has informed us of an important *cure of a CANCER* of long standing, which was effected on an aged lady of that place If therefore, this PURIFIER *cures Cancer* by its purifying healing power, what impure disease of the blood can it not cure? Seven years' experience and triumph says there are none but what it will cure

FEVER-SORE, CURED.

The Rev RICHARD DUNNING Pastor of the Presbyterian church Adams Basin, Monroe county N Y, wrote to us "I have just received a letter from Mr CHAUNCEY DUNNING, relative to the cure of his Fever sore. You may depend on what it states, for he is a Christian man and an elder in the church Some years since he had to have one of his legs *cut off*, to save his life in consequence of a Fever sore The other leg being now affected, and about to be amputated, I recommended BRANT'S MEDICINE Read the result He says '*I have used only* THREE BOTTLES of BRANT'S MEDICINE *I placed* ALL HOPE, *from your recommendation, in that Medicine*, and I can now say that, with the blessing of God, *it has effected a cure of my leg*'" See Pamphlets for full particulars

LIVER-COMPLAINT!

Dr NATHAN HUBBARD, of *Stamford, Conn*, one of the oldest and most respectable physicians was afflicted with *Liver-Complaint* many years, and was *perfectly cured by using* BRANT'S PURIFYING EXTRACT We could name hundreds of other cases, also cured

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half as certain and effectual in restoring* ALL the incidental *weaknesses* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM It makes no difference whether the derangement be *suppression, excess*, or other *weakness*—it REGULATES ALL, by *strengthening the* SYSTEM *equalizing the* CIRCULATION *and soothing and allaying* NERVOUS IRRITABILITY ☞ See pamphlets.

IN CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman at middle age*—the one case is *accelerated*, and the other so *gradually suppressed* as to prevent any of the *fatal diseases* that frequently arise in consequence of such change

Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co, *February* 1, 1848

"M T WALLACE & CO—*Gentlemen* I was, for more than a year, afflicted with a disease of the stomach I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *eased and relieved the usual pain after eating* I therefore used a second bottle which has completely cured the disease. I am now well and hearty, and can eat almost any thing without being pained, or the stomach becoming sour

"Yours respectfully, T S WILCOX"

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LUCORRHŒA, &c

"BYRON, GENESEE Co, N Y *Oct* 19 1847

"Messrs M T WALLACE & CO Some time last winter my wife became so debilitated from the effects of *Leucorrhœa* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted in useless efforts She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty five pounds, but by the time she had taken *four bottles*, she became perfectly well The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks

"Yours truly, C B GALENTINE"

The reader will observe that Mr GALENTINE says "*our* SKILL" He, we are informed by L S TERRY, Esq, of the same place, has studied medicine

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and thorough c[illegible] for all the effects of* MERCURY, or any of the [illegible] preparations of CALOMEL or MERCURY, *from the system* and it restores the *blood, muscles*, and *all the parts diseased* to their original HEALTHY STATE

GENERAL DEBILITY OF THE SYSTEM!

Mr A HOLTSTANDER, merchant, *Oberlin, Lorrain Co Ohio*, wrote, December 19, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said "I have personally used *BRANT'S PURIFYING EXTRACT* for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used *In every instance* where we have sold BRANT'S MEDICINES, *they have proved their efficacy and given the* BEST SATISFACTION"

SALT RHEUM,

and all impure *chronic diseases of the* BLOOD, are always cured by *BRANT'S EXTRACT*

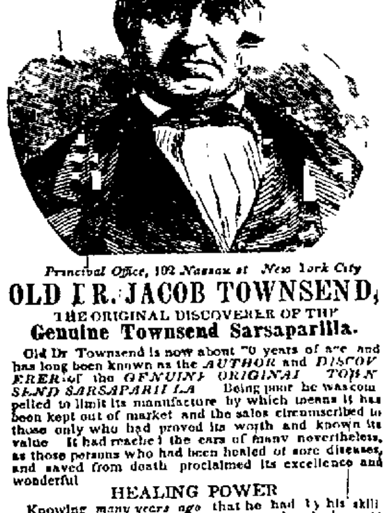
CAUTION EXTRA.

A man by the name of *CLAPP* has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla, which they call Dr Townsend's Sarsaparilla, denominating it *GENUINE* Original etc. This Townsend is no doctor, and never was, but was formerly a worker on railroads canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not This is to caution the public not to be deceived, and purchase none but the *GENUINE ORIGINAL OLD* Dr Jacob Townsend's Sarsaparilla having on it the Old Dr's likeness, his family coat of arms, and his signature across the coat of arms



Principal Office, 102 Nassau st New York City

OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the *AUTHOR* and *DISCOVERER* of the *GENUINE ORIGINAL TOWNSEND SARSAPARILLA* Being poor he was compelled to limit its manufacture by which means it has been kept out of market and the sales circumscribed to those only who had proved its worth and known its value It had reached the ears of many nevertheless, as those persons who had been healed of sore diseases, and saved from death proclaimed its excellence and wonderful

HEALING POWER

Knowing *many years ago* that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated This time has come the means are supplied this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration

Unlike young S P Townsend's it improves with age and never changes, but for the better because it is prepared *on scientific principles* by a *scientific man* The highest knowledge of Chemistry and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla The Sarsaparilla root it is well known to medical men contains many medicinal properties and some properties which are inert or useless and others which if retained in preparing it for use produce *fermentation* and *acid* which is injurious to the system Some of the properties of Sarsaparilla are so *volatile* that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat are the very *essential medical properties* of the root which give to it all its value

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from any thing else they can then strain this insipid or vapid liquid sweeten with sour molasses, and then call it SARSAPARILLA EXTRACT or SYRUP But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation is extracted and rejected then every particle of medical virtue is secured in a pure and concentrated form and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men women and children We find it doing wonders in the cure of *CONSUMPTION DYSPEPSIA* and *LIVER COMPLAINT* and in *RHEUMATISM SCROFULA PILES COSTIVENESS* all *CUTANEOUS ERUPTIONS PIMPLES, BLOTCHES*, and all affections arising from

IMPURITY OF THE BLOOD

It possesses a marvellous efficacy in all complaints arising from *Indigestion* from *Acidity of the Stomach* from unequal circulation determination of blood to the head palpitation of the heart cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds* and *Coughs* and promotes easy expectoration and gentle perspiration relaxing stricture of the lungs, throat, and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS

It works wonders in cases of *Fluor Albus or Whites Falling of the Womb Obstructed Suppressed or Painful Menses Irregularity* of the menstrual periods and the like; and is as effectual in curing all the forms of *Kidney Disease*

By removing obstructions and regulating the general system, it gives tone and strength to the whole body, and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation Neuralgia St Vitus Dance Swooning Epileptic Fits Convulsions &c*

It cleanses the blood excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration relaxes all strictures and tightness, removes all obstructions and invigorates the entire nervous system Is not this then

The medicine you pre-eminently need?

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S,

because of one GRAND FACT that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES *souring fermenting* and *blowing the bottles* containing it into fragments the sour acid liquid exploding and damaging other goods Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence heartburn palpitation of the heart, liver complaint diarrhœa dysentery colic and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin Scald Head Salt Rheum Erysipelas, White Swellings Fever Sores and all ulcerations internal and external? It is nothing under heaven but an acid substance, which sours and thus spoils all the fluids of the body, more or less What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases of impurity of the blood of deranged circulations and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S P TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P. Townsend's FERMENTING COMPOUND

We wish it understood because it is the *absolute truth* that S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are *heaven wide apart* and *infinitely dissimilar* that they are unlike in every particular having not one single thing in common

As S P Townsend is no doctor and never was is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man what *guarantee* can the public have that they are receiving a genuine scientific medicine containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease It requires a person of some experience to cook and serve up even a common decent meal How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system and how to adapt remedies to these diseases

It is to arrest frauds upon the unfortunate to pour balm into wounded humanity to kindle hope in the despairing bosom to restore health and bloom and vigor into the crushed and broken and to banish infirmity that OLD DR JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach and to the knowledge of all who need it, that they may learn and know by joyful experience its

Transcendent Power to Heal

Principal Office 102 Nassau st N. Y City.
